- Angular
- Node.js
- React.js
- HTML

Professional Experience

March 2020 -
Present

Product Designer/Software Engineer

Romalice Consulting Group, Kigali, Umujyi Wa Kigali, Rwanda

- As a Product Designer, I designed a project called **Digibankis** that aims to help a user to connect with their banking institutions across the globe and gives them a unique platform to manage all their finances such as money transfers, bill payments, digital loans, mortgages and personalized investment recommendations. And from the comfort of their home, they can be able to open bank accounts, transact and grow their finances worldwide.
- I worked on software named **Storex** that offers a wide range of products in cosmetics, baby care, body support, aural care, and more. The customer is able to place unlimited orders on any product and have them delivered right to their doorstep, wherever you are.
- Revised, modularized and updated old code bases to modern development standards,
- reducing operating costs and improving functionality.
- Wrote highly maintainable, solid code for software system, forming core framework and
- earning consistent praise from subsequent developers since initial version.
- Exhibited strong technical aptitude and application expertise resulting in optimized
- performance, continuous improvement recommendations and product innovation.

August 2021 -

November 2021 -
December 2022

Product Designer/Software Engineer

Oltranz

- Worked on BaseSms An easy tool to send **bulk SMS** to all your contacts in Rwanda.
- Developed a system called **Dubai Visa** that leverages a customer base to resell visas for Dubai and make a profit.
- Ensuring user experience determines design choices.
- Developing features to enhance the user experience.
- Striking a balance between functional and aesthetic design.
- Ensuring web design is optimized for smartphones.
- Building reusable code for future use.
- Optimizing web pages for maximum speed and scalability.
- Utilizing a variety of markup languages to write web pages.
- Maintaining brand consistency throughout the design.
